

Mechanical operated Valves, entirely in aluminium to ensure strength and durability. Available size is 1/8 and available functions are 3/2 and 5/2.

La gamme de valve à commande mécanique est entièrement en aluminium afin de garantir sa robustesse et sa fiabilité durant son utilisation.
Disponible en 1/8 et en fonction 3/2 et 5/2.

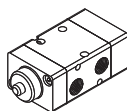

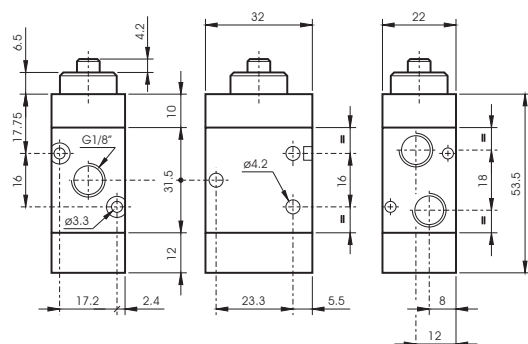

Valvole ad azionamento meccanico con costruzione interamente in alluminio per garantire robustezza e durata nel tempo.
Disponibili della taglia 1/8 e nelle funzioni 3/2 e 5/2.

TECHNICAL DATA / DONNÉES TECHNIQUES / DATI TECNICI

Fluid / Fluide / Fluido	Lubricated or non lubricated air / Air lubrifié ou non / Aria con o senza lubrificazione
Temperature range / Température d'utilisation / Temperatura di esercizio	-10°C / +60°C
Max operating pressure / Pression max d'utilisation / Pressione massima di esercizio	10 bar
Nominal orifice / Diamètre nominal / Diametro nominale	1/8: 5 mm
Flow rate 6 bar Δp 1 bar / Débit à 6 bar Δp 1 bar / Portata a 6 bar Δp 1 bar	1/8 = 550 Nl/min.
